

BOARDS AND COMMISSIONS FOR REVIEW

By the Government Operations Interim Committee | July 6, 2017

On June 21st, the Government Operations Interim Committee narrowed the list of boards and commissions with legislative members that it would study to those that met less than three times during the 2015 and 2016 calendar years. The study list was therefore narrowed from 66 to 25 boards and commissions. The committee will conduct further research to determine each board's or commission's effectiveness and whether legislative action should be taken with regard to each board.
